#### About Us

Karthik Consulting was founded in 2008 to be a reliable and trusted advisor to our customers, providing independent and unbiased recommendations and solutions that mitigate risk and help solve their IT problems. We bring the innovation, passion, and agility of the commercial IT industry to meet the unique challenges of the government.

Our specialties include agile software development, DevSecOps, Cloud, cyber security, IT Operations & Maintenance (O&M), and program management.

We are a DOD Cleared Facility with a DCAA-approved accounting system.

**GSA IT Schedule 70 Website:** <https://www.gsa.gov/technology/technology-purchasing-programs/it-schedule-70>

#### About GSA IT Schedule 70

IT Schedule 70 is an IDIQ Multiple Award Schedule (MAS) contract. It is an IT procurement vehicle that offers a comprehensive array of state-of-the-art IT products, services, and solutions. Approximately 80 percent of IT Schedule 70 contract holders are small businesses. Recently, this contract vehicle has been used primarily for service-oriented procurement offerings. Services made up more than \$11 billion of the contract vehicle's \$16.2 billion in FY2010 sales.

Today, IT Schedule 70 is the largest procurement vehicle and the most widely-used acquisition offering in the federal government. Nearly one-third of all MAS contractors are available through IT Schedule 70's **Special Item Numbers (SINs)**. Considered 'Evergreen', IT Schedule 70 contracts contain a five-year base period, plus three five-year option periods.
