Features

PSS gives federal agencies the ability to use a single contract to procure simple to complex professional services. When using PSS to buy professional services, agencies can:

- Use simplified acquisition procedures to issue a Request for Quotation (RFQ) using either your agency's solicitation system or GSA's eBuy solicitation system or issue an RFQ directly to contractors using your agency's procedures.
- Allow unique Contractor Team Arrangements (CTA) to bring a wide variety of industry partners to the negotiating table.
- Customize terms and conditions in task orders - or through Blanket Purchase Agreements - to meet specific requirements.
- Be assured that required FAR terms and conditions are incorporated into the contract.
- Ensure adequate participation by small businesses, including setting aside RFQs for various socioeconomic subgroups.
- Save time by using the streamlined procurement procedures of FAR Subpart 8.4.

The Karthik Consulting PSS Contract Special Item Numbers (SINs) include:
