About Us

Karthik Consulting was founded in 2008 to be a reliable and trusted advisor to our customers, providing independent and unbiased recommendations and solutions that mitigate risk and help solve their IT problems. We bring the innovation, passion, and agility of the commercial IT industry to meet the unique challenges of the government.

Our specialties include agile software development, DevSecOps, Cloud, cyber security, IT Operations & Maintenance (O&M), and program management.

We are a DOD Cleared Facility with a DCAA-approved accounting system.

Mission Assured Solutions, LLC a Joint Venture (JV) with KC, is the holder of the prime contract

SBEAS IDIQ Purpose

The purpose of this IDIQ Contract is to provide a vehicle for customers to access a wide range of IT Network Centric services and solutions that support the IT lifecycle. The SBEAS IDIQ contracts are the preferred source of obtaining IT application services and solutions for the Business and Enterprise Systems (BES) and CO's shall consider the use of the SBEAS IDIQ contract vehicle first when meeting BES IT requirements. However, this contract vehicle may be used by all other Air Force MAJCOMs and other agencies that support an Air Force requirement.

Scope

The scope of this IDIQ includes the comprehensive suite of IT services and IT solutions to support IT systems and software development in a variety of environments and infrastructures. Additional IT services include, but are not limited to documentation, operations, deployment, cybersecurity, configuration management, training, COTS product management and utilization, technology refresh, data and information services, information display services and business analysis for IT programs.
